Curriculum and learning policy

Vision

Christ-centred Catholic education providing excellent, inclusive and contemporary schooling.

Mission

Queen of Peace Catholic Primary School is committed to providing educational opportunities that actively welcome, engage, inspire and challenge all students to learn in a safe and enlivening Catholic environment.

Purpose

Our school is a community that exemplifies the gospel values of love, forgiveness, justice and truth. Our school community recognises that everyone has the right to be respected, to feel safe and be safe and, in turn, our school community acknowledges each member's own obligation to behave responsibly. This Policy is intended to guide our school's actions. It has been developed in consultation with the school community and seeks to prioritise respectful relationships and safety in response to the rights and needs of all members of the school community. A safe and supportive environment respects the rights of all students to learn, the rights of all teachers to teach and the rights of all members of the school community to be safe.

Every person at the school has a right to feel safe, to be happy and to learn. Therefore our school aims:

- to promote the values of honesty, fairness and respect for others
- to acknowledge the worth of all members of the community and their right to work and learn in a positive environment
- to maintain good order and harmony
- to affirm cooperation as well as responsible independence in learning
- to foster self-discipline and to develop responsibility for one's own behaviour.

The Victorian Curriculum is the Foundation to Year 10 curriculum for Victorian government and Catholic schools for implementation from 2017. The Victorian Curriculum reflects Victorian priorities and standards for F–10 and incorporates the Australian Curriculum. It defines what it is that all students have the opportunity to learn as a result of their schooling, set out as a series of learning progressions. See <https://www.vcaa.vic.edu.au/curriculum/foundation-10/Pages/default.aspx>.

The Victorian Curriculum F–10 recognises that increasingly, in a world where knowledge itself is constantly growing and evolving, students need to develop, in addition to discrete discipline knowledge and understanding, a set of skills, behaviours and dispositions, or general capabilities, that apply across discipline content and equip them to be lifelong learners able to operate with confidence in a complex, information-rich, globalised world.

The Queen of Peace Catholic Primary School Curriculum Plan has been developed in light of the directions for Catholic education and principles of curriculum from the *Horizons of Hope* education framework: Catholic schools provide an excellent holistic education centred on the students and engaging them in authentic, purposeful learning; and incorporating the philosophy of the Victorian Curriculum F–10 and the Religious Education Curriculum Framework.

The curriculum is a statement of the purpose of schooling and defines what it is that all students have the opportunity to learn as a result of their schooling.

Principles

Queen of Peace Catholic Primary School strives to build a safe and positive school environment that is guided by Gospel values and honours the dignity of the individual, the family and the school. The development and promotion of high-quality relationships are responsibilities shared by all members of the school community. Teachers, students, families, parish members and the wider community contribute to and share in the responsibility to foster life-affirming relationships that recognise and support the inherent dignity and safety of each person. All members of the school community are expected to contribute to the mission and vision of the school and to understand their rights and acknowledge their obligation to behave responsibly.

As a provider of Catholic education, the school Principal will take into account the need for the school community to represent and conform with the doctrines, beliefs and principles of the Catholic faith when making decisions regarding matters of school administration, including enrolment. Pupils and families who are members of other faiths are warmly welcomed at our school. However, the school reserves its right to exercise its administrative discretion in appropriate circumstances, where it is necessary to do so to avoid injury to the religious sensitivities of the Catholic school community.

It is vitally important that the school is made fully aware of each child's individual circumstances insofar as these may impact upon his or her physical, functional, emotional or educational needs, particularly where the school is required to provide additional support to the child.

Scope

Our school curriculum defines what it is that all students have the opportunity to learn as a result of their schooling at Queen of Peace Catholic Primary School.

At Queen of Peace Catholic Primary School, curriculum is enriched by the values, beliefs, perspectives and experiences of each member of the learning community when they engage actively with Catholic understandings of the human person. This orientation towards the person means that the process of curriculum design is shared with students, creating within them a sense of ownership and self-efficacy as learners. Our learning community fosters the conditions for students to have a voice in the design process, allowing them to make decisions about what they need to know and when.

Implementation

At Queen of Peace Catholic Primary School, the curriculum is designed and delivered from whole-school to level planning to individual teacher plans. These are created in a collaborative and supported environment. This ensures that a guaranteed and viable curriculum is driving student learning and lifting student outcomes.

Curriculum content

The school implements the Victorian Curriculum in order to provide students with a comprehensive and cumulative curriculum from Foundation to Year 10.

The school's teaching and learning program is the school-based plan for delivering this common set of knowledge and skills in ways that best utilise local resources, expertise and contexts. Information technology is an integral part of our curriculum as a basic tool for learning. Supported by our governing body, Queen of Peace Catholic Primary School will develop strong processes for monitoring student progress and the application of appropriate explicit teaching and intervention strategies.

Queen of Peace Catholic Primary School will also take inspiration from the *Horizons of Hope* education framework. This framework supports Catholic school communities to engage in dialogue about the distinctive nature of learning and teaching, leading learning and enhancing Catholic identity in our schools. The framework is a living document that has been added to over the years with examples of practice from schools, as well as additional strategy statements in the areas of Leadership, Wellbeing, Diversity and Religious Education.

Religious Education has a central place in the curriculum at Queen of Peace Catholic Primary School, as it reflects our unique character of Catholic identity and focus as a Catholic school. The primary source for developing our Religious Education program is the Religious Education Curriculum Framework, developed by our governing body MACS.
